"An Institution is the Lengthened Shadow of ONE MAN"

RALPH WALDO
EMERSON

Our founder—
Joseph W. Vestal

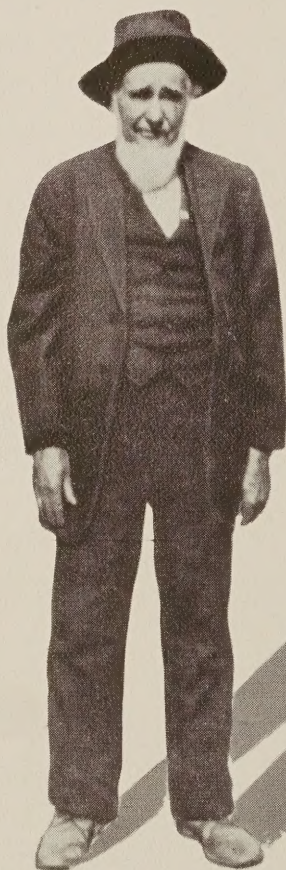

When a business flourishes and reaches a ripe old age, it is usually due to the policies laid down by its founder.

In one of the early catalogs prepared by Joseph Vestal himself, he wrote:

"My aim is to send out none but perfectly healthy plants at as low rates as the same are offered by other reliable florists, and so deal with my customers that they may continue to favor me with their orders in the future, and they may rely on my endeavors to give satisfaction in every instance."

TODAY...

— 75 YEARS LATER

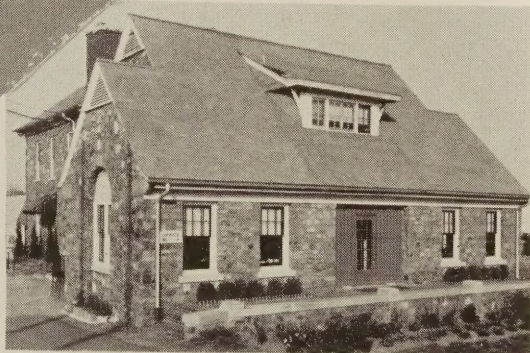

Grandpa Vestal
was active in the firm
until his death

This policy has been the very foundation on which VESTAL'S was built—fine plants at the lowest prices consistent with the high quality of the plants. Today—after 75 years—our creed is the same, said in a different way:

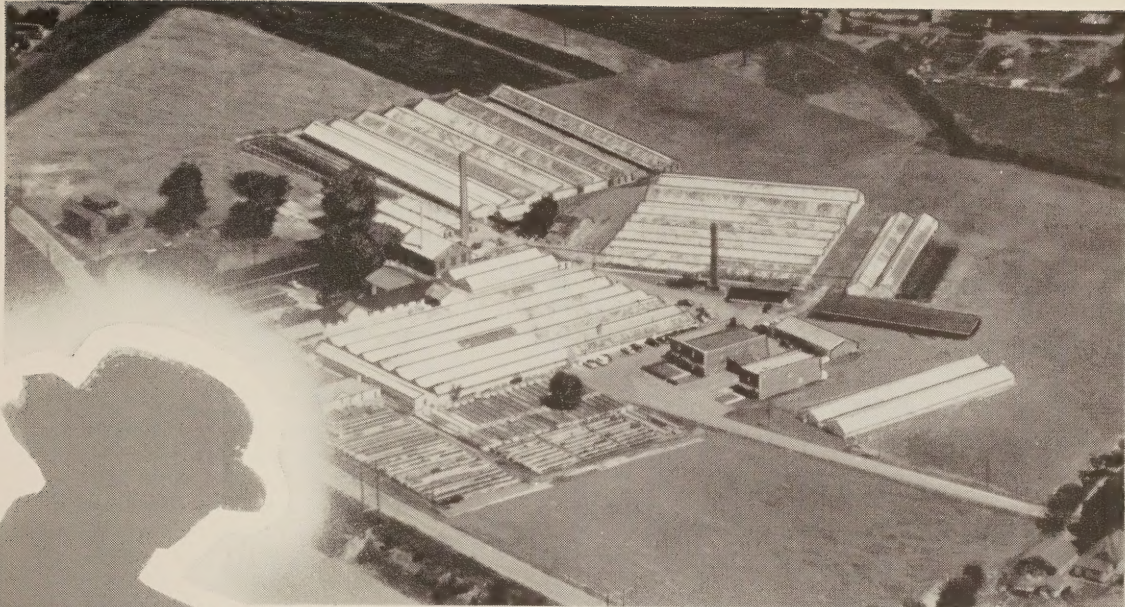

*"We aim to get new customers
and keep old ones, and
by honorable dealing."*

No more need be said.

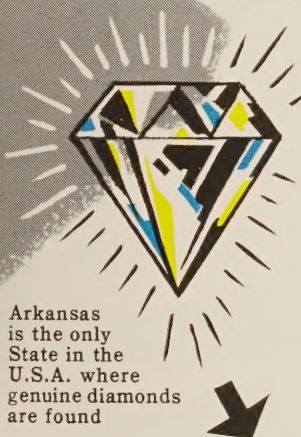

Joseph Vestal
lives on through his
policies, which domi-
nated our dealings

are found

The Advantages Today in dealing with VESTAL

As Joseph Vestal wrote in his catalog of 1898, which policy continues to overshadow our dealings:

"We are determined that every package of goods we send out shall be perfectly satisfactory in every respect."

BUT EQUALLY AS IMPORTANT AS OUR GUARANTEE OF SATISFACTION is the fact that here at Vestal is always a large variety of plants, including the rare or unusual or plants that are hard to find elsewhere. *No other nursery grows as many—and as many different kinds and varieties—as does Vestal.* So retail florists (our customers) need not shop around. **EVERYTHING** needed may be had from this one source. And truly is VESTAL your most dependable source of supply. It will pay you, as it has thousands of other florists, to do business with VESTAL.

VESTAL'S SEVENTY -

"There Will Always Be a Vestal"

HIS title to a feature story that appeared in the *ARKANSAS DEMOCRAT* Magazine Section in 1953, refers to the generations of Vestals behind the oldest florist business in the state of Arkansas and, in fact, *the largest in the entire South.*

The business is now operated by the third generation, but a fourth generation is preparing itself for the task, and a fifth is growing up to perpetuate the name and business. Even the founder's father was in the plant business, but that was separate, and the present House of Vestal was not directly built on that foundation.

Joseph Vestal would hardly recognize the business, now in its 75th year in Arkansas. From 300 square feet of glass, the greenhouses grew to cover more than 300,000 square feet of growing plants under glass. The greenhouse area, together with the retail and wholesale houses, the office and all the other necessary buildings, drives, gardens, etc., cover about 60 acres. A nursery at Jacksonville takes in 256 acres, and up the Arkansas River is a farm of 300 acres used just for soil. And VESTAL'S just recently opened a second retail shop in the Marion Hotel in Little Rock. Being in the retail business (in Little Rock only), it understands the needs and problems of our customers elsewhere who *sell* at retail.

The business is being ably carried on by Walter Vestal, grandson of the founder, Joseph W. Vestal, living up to the policies adopted by his grandfather, though modernized in keeping up with the latest business trends. For example, until recent years, sales were predominantly retail, but as times changed and more retail florists sprang up

even in small towns, the business was converted by the present operators to be predominantly *wholesale*.

One of the rules established by the founder, which is still followed, appeared in the company's catalog of 1880. Joseph Vestal wrote: "Our stock is carefully selected, none but the best varieties are grown; *having always made it a rule to grow nothing for the sake of variety that had not special individual merit.*"

The **Sago Palm** (*Cycas revoluta*) shown here is more than 100 years old. It is still thriving in one of our greenhouses. When Aaron Vestal, father of the founder of VESTAL'S, was in the plant business in Indiana, this palm was very popular as a decorative plant among the fashionable people of that day. All these palms were imported from the Orient. Joseph Vestal acquired this plant in 1868 when it was well over fifteen years old, and he brought it to Little Rock when he came here seventy-five years ago.

Reproduction of Section of Cover—1890 Catalog

Though the above appeared in the Vestal Catalog of 65 years ago, it is as applicable today as it was then, although we have but few vegetable plants today for sale. It may be of interest to horticulturists that Aaron Vestal, grandfather of the founder, was a truck farmer and specialized in growing sweet potatoes. He devised a way of carrying them through the winter in good condition and took out a patent on his process. So his son Joseph inherited a bent for horticulture.

Today, our business is largely wholesale, and we specialize in that phase. Among other advantages of dealing with the House of Vestal, such as fresh flowers and plants, careful packing, quick shipment, etc., here *you can always find a big variety of unusual or rare plants*. No one else grows as many different kinds of plants as does Vestal. So when you need plants that are hard to find, usually you do not have to look farther than Vestal's.

But, of course, we grow thousands of the "bread-and-butter flowers," too, for which there is always a demand: roses, carnations, gladioli and chrysanthemums.

VESTAL'S *Decorative Potting and Bedding Plants*

AGERATUM, BLUE BOY

Acalypha

Sanderi. Chenille Plant. Broad green leaves to 8 inches long. Long, chenille-like flowers, bright red, up to 12 inches long or more. Very useful as a bedding plant or specimen pot plant. 2½-in. pots, \$2.00 per doz.; \$15.00 per 100.

Tricolor. Fire-Dragon. Valued for its ornamental foliage of dazzling crimson. Suitable for the sunniest places in the garden. 2½-in. pots, \$1.50 per doz.; \$10.00 per 100.

Ageratum

Blue Boy. A low-growing, bushy plant 4 inches high that is good for edging, bedding and potting. Fuzzy blue flowers; free blooming. 2½-in. pots, \$1.00 per doz.; \$7.00 per 100.

Alternanthera

Low, compact plants useful for carpet bedding. They are usually kept about 6 inches high by shearing. Grow best in full sun.

Aurea nana. Bright golden yellow foliage.

Brilliantissima. Tints of crimson, scarlet and pink.

Paronychioides major. Bright carmine. Very popular.

Any of above, 2½-in. pots, \$1.00 per doz.; \$7.50 per 100

Aluminum Plant

Pilea Cadierei. Fleshy plant with bright green, oblong foliage overlaid with shiny silver blotches between the sunken veins. Very attractive indoor plant for use in planters or as specimens. 2½-in. pots, \$1.50 per doz.; \$12.00 per 100.

Antigonon

Leptopus. Queen's Wreath; Coral-vine. A very popular and showy vine for the South. Arrow-shaped leaves and drooping racemes of rosy pink flowers. Fine for covering verandas and fences. Grows 30 to 40 feet tall and blooms best if the soil is not too rich. 2-yr.-old field-grown roots, \$2.00 per doz.; \$16.00 per 100.

These field-grown roots are much larger and heavier than those generally grown in cold-frames and not transplanted.

Anthericum

Comosum. A pretty variegated plant well adapted for hanging baskets, window boxes and indoor planting. Gracefully drooping foliage with a band of creamy yellow through the center. 2½-in. pots, \$1.25 per doz.; \$10.00 per 100.

ALUMINUM PLANT

ANTIGONON LEPTOPUS

Aralia

Balfouriana. Rounded, coarsely toothed leaves blotched white at margins. 2½-in. pots, 20c each; \$2.25 per doz.

Sieboldi. Deeply cut, dark green leaves. Excellent for individual pot culture or in combination with other indoor foliage plants. 2½-in. pots, \$2.00 per doz.; \$16.00 per 100.

Artillery Plant

Pilea arborea. A pretty little plant with drooping, graceful habit and fern-like foliage. Fine for basket or pot-plant use.

P., Victory. Similar to Arborea except that it has heavier foliage and wider fronds. Either of above, 2½-in. pots, \$1.00 per doz.; \$6.00 per 100

Aspidistra

Elatior. Large, dark green leaves. Does very well in the house. 5-in. pots, \$1.50 ea.

Begonia

Argenteo-guttata. Dark bronzy leaves heavily spotted with silvery white. Flowers white tinged pink. Does especially well in a shady open bed. 2½-in. pots, \$1.50 per doz.; \$10.00 per 100.

Beefsteak (Feasti). Thick, shiny, round leaves, dark green above and red underneath. Light pink flowers in clusters well above the foliage. Good for use in baskets and rock gardens. 2½-in. pots, \$2.50 per doz.; \$20.00 per 100.

Corallina, Lucerne. Immense clusters of deep pink to red flowers. Foliage dark green above and red underneath, sometimes spotted. 2½-in. pots, \$2.50 per doz.; \$18.00 per 100.

Gracilis luminosa. Reddish brown foliage. Flowers Red or Pink. 3-in. pots, \$2.50 per doz.; \$17.50 per 100.

Pink Rubra (Angel Wing). Soft pink, drooping flowers; pale green leaves. 2½-in. pots, \$2.00 per doz.; \$15.00 per 100.

Thurstoni. Round, smooth, glossy leaves, red underneath. Pink flowers in erect clusters. 2½-in. pots, \$2.00 per doz.; \$15.00 per 100.

BOUGAINVILLEA, BARBARA KARST

VESTAL'S DECORATIVE POTTING AND BEDDING PLANTS

Bougainvillea

The most widely planted ornamental vine in the tropics.

Barbara Karst. New. Beautiful crimson. Bushier and denser in growth than Crimson Lake. 2½-in. pots, \$3.00 per doz.; \$20.00 per 100.

Crimson Lake. Most spectacular. Brilliant carmine-crimson flowers like crepe paper. Hardy in the far South but can be grown in pots or tubs where the weather is too severe. 2½-in. pots, \$3.00 per doz.; \$20.00 per 100.

Glabra Sanderiana. Bracts of magenta flowers. Very free bloomer. 2½-in. pots, \$2.50 per doz.; \$17.50 per 100.

Browallia

Speciosa (major). Fine for bedding or hanging baskets. Blue or lavender blooms on slender stems. 2½-in. pots, 90c per doz.; \$7.00 per 100.

Cactus

Christmas. Lobster Cactus. Drooping, flattened, jointed branches tipped with handsome red flowers from Christmas to Easter.

Thanksgiving. Another form of Lobster Cactus with the same appearance, habit of growth and cultural requirements as the Christmas Cactus but blooming about Thanksgiving time.

Either of above, 2½-in. pots,
\$2.00 per doz.; \$15.00 per 100

Caladium

Arboreum (Upright-leaf). Large, upright green leaves on stiff, rigid stems. Our stock of this plant is very limited. Bulbs, all sizes, 75c each.

Blue-leaf. The foliage is dark green clouded with velvety blue-black. Requires same soil and growing conditions as Fancy-leaf Caladium. \$1.50 per doz.; \$12.00 per 100.

Fancy-leaf. Leaves veined and striped with white, pink, and crimson. Dry bulbs, \$3.50 per doz. Growing plants, ready Apr. 1 and later, in 5-in. pots, \$1.00 each.

The Present Voice of Vestal Says:

"When a business reaches its 75th year, it has truly become an institution. Vestal, at its Diamond Anniversary in Arkansas, reflects the prolonged shadow of its founder. We have tried to live up to the policies on which this company was BUILT. Its successful operation is positive evidence of the satisfaction of the hundreds of thousands of customers who have dealt with the House of Vestal year after year. Business goes only where it is invited and stays only when the treatment is good.

Our many customers have learned, by GLAD experience, that they can always rely on us as their dependable source of supply for a huge variety of the very highest quality growing plants available. Yes, whether it be the always popular, standard flowers and plants, or a hard-to-find, rare strain, VESTAL'S always strives to fill customers' requests to their utmost satisfaction. *That applies to YOU, too!"*

CONDITIONS OF SALE

All plants are offered subject to prior sale, net and F.O.B. Little Rock, Ark. A minimum packing charge of \$1.00 per carton will be made on all shipments except when payment in full accompanies the order.

All shipments turned over to a common carrier become your property. Claims for losses and delays and all other controversies should be filed with the carrier.

We prefer and recommend that all orders for greenhouse plants be shipped by express. Evergreens and other nursery stock can be safely shipped by motor truck or railway

freight, but orders for tender greenhouse plants, especially during the cold months, will receive better protection and more careful handling by Railway Express.

This list cancels all previous quotations, and the prices quoted herein are strictly for the wholesale trade.

We ask that all customers, when writing or ordering, use their printed business stationery so that there will be no question of their eligibility to obtain wholesale prices.

Address all correspondence to the firm.

NON-WARRANTY

We wish it to be distinctly understood, that while we take every precaution to have all plants and bulbs true to name, we give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter, of any of the plants or bulbs we send out, and will not be in any way responsible for the crop. Every order we receive will be executed on these conditions only, which must be accepted by the customer when ordering goods. WE AIM to get new customers and keep old ones, and by honorable dealing to satisfy both customers and ourselves.
